YANG YANG

Full Stack Developer in Shenyang, China

Highly experienced Full Stack Developer with 6 years of expertise in designing and developing robust web applications. Skilled in both front-end and back-end technologies, as well as system architecture. Seeking a challenging position to leverage my technical skills and problem-solving abilities to contribute to the success of a dynamic organization.

## EXPERIENCE

02. 2019 – 04. 2023

**FULLSTACK DEVELOPER, SHENYANG JIULI INDSTRY CO., LTD**

- Led the development of web applications from concept to deployment, ensuring high-quality deliverables and meeting project deadlines.
- Collaborated with cross-functional teams, including designers, product managers, and stakeholders, to gather requirements and translate them into technical solutions.
- Developed responsive and user-friendly front-end interfaces using modern frameworks and libraries.
- Designed and implemented scalable and efficient back-end architectures to ensure optimal performance.
- Worked with DevOps teams to automate deployment processes and improve overall development workflow.
- Mentored junior developers, providing guidance and fostering their professional growth.
- Stayed up-to-date with emerging technologies and industry trends to continuously enhance skills and knowledge.

03. 2017 – 10. 2018

**FULLSTACK DEVELOPER (INTERNSHIP), SHENYANG TIANSHU PHARMACY CO., LTD**

- Conducted regular code reviews to maintain code quality and adherence to best practices.
- Worked closely with stakeholders to gather requirements and provide technical recommendations.
- Managed the deployment and monitoring of applications on cloud platforms.
